

SALE 85 REALISES OVER \$6.9 MILLION

Important Australian and World Coins, Medals and Banknotes

Total: \$6,904,297

Lots: 5713

136% sold by value*

This sale created history by realising \$6,904,297, the highest total of any numismatic auction held in Australia. This total is made up of the total hammer price of lots sold \$5,926,435 plus the buyer's premium including GST on the premium, equivalent to 16.5%. The total sold was at 136 percent of the estimate for the lots sold, with fifteen percent of the lots remaining unsold.

There were over 600 bidders (450 absentee bidders and 150 floor bidders). The web site attracted many thousands of unique visits worldwide. Dealers attended from London, USA, Singapore and New Zealand.

Many individual world records were created across different areas. The feature coin, the Australian pattern square halfpenny 1920 (lot estimate \$150,000), realised the highest price for a coin or banknote at a Noble Numismatics sale, \$382,120, after a protracted bidding duel. Opening at \$150,000, four bidders vied for the lot to \$250,000.

The named collections were virtual sell-outs with the Climpson Collection realising record after record for British shillings and colonials, with final tally 60% over estimates for coins sold.

The Rodney Sell collection of Hong Kong coins sold out at a record three times estimate. The Brian Bolton collection of New Zealand notes and the Bill Mira collection of war medals both realized fifty percent over estimate. Two private collections of New Zealand notes sold very well, establishing many new individual records. In such an outstanding sale, there were many highlights, some are summarised below.

The Climpson collection realized just over \$1.5 million. It is the highest achieved for a single owner collection in one of our sales. The strengths of the auction were for Australian coins, holey dollars, choice gold, early proofs; British shillings, British Colonial, rare New Zealand banknotes, Hong Kong coins, and rare historical military medals and badges.

Our next sale is scheduled for 21–23 November, 2007, in Sydney. Consignments close no later than Friday, 5th October 2007.

An added attraction for the next sale and sure to attract bidders is the conference hosted by the Numismatic Association of Australia at Macquarie University, to be held immediately following the sale in Sydney.
