 Richard Chinnock. Impressed. *Contact marks, good fine.*
 \$8,000

Confirmed on medal roll as entitled to clasp Trafalgar under Z/647 as Private in Royal Marines on ship, Britannia. The Royal Marines' muster roll (ADM36/15996) indicates that he came from Lye-on-Mendip, Somerset and was 20 years of age when he joined the ship. HMS Britannia was the oldest ship in the British Fleet present at Trafalgar. However, her size, strength and heavy armament made her an important asset in battle even if her sailing qualities did not equal other ships of the fleet. When the battle began she was in the column led by Nelson being positioned slightly out of line and abreast HMS Neptune. She opened fire at long range on several of the French and Spanish ships but it was two hours before she was in position where she could break the enemy line. Britannia remained in action until the end of the battle. She sustained 52 casualties, 10 killed and 42 wounded and was only slightly damaged compared to other British ships thus she was able to escort prizes back to England.

In a thrilling and descriptive account of the Battle of Waterloo as written in the United Service Gazette it states, 'Thus terminated one of the grandest scenes which distinguished the mighty drama enacted on the ever-memorable plains of Waterloo; a scene presenting, in bold relief, genuine British valour crowned with resplendent triumph.' The article continues in this vein to give a very emotive and descriptive account of the battle. At the end of the article is a list of officers of the British Army who were present in the actions on the 16th, 17th and 18th of June, 1815, including those posted near Hal on the 18th. Under the 11th Light Dragoons is recorded the name, Cornet B.P.Browne.

Capt Barton P.Browne, 11th L.Dragoons was a volunteer in the storming column, Bhurtpoor.

Promotions - Fort William - May 13th 1824 - Lieut B.P.Browne to be Capt of a troop without purchase, vice W.Smith, deceased, 5 May 1824.

Register - Calcutta - HQs 2nd Feb 1831 - Depot at Landour - The following officers to do duty at depot: Capt B.P.Browne H.M. 11th Drags.

Register at Madras - 22nd Feb 1836 - duty at Convalescent Depot at Landour: Capt B.P.Browne H.M. 11th Drags.

War Office 10th May 1839 - 6th Regt of Drag Gds - Capt B.P.Browne exchanges posting to unit.

28th June 1838 - Capt B.P.Browne to be Major.

11 Nov 1851 - Brevet-Major B.P.Browne of 49th Foot to be Lieutenant Colonel (confirmed in LG 26/1/1855, p307).

In The New York Times, June 29, 1885 from the London Times, June 18 under the heading 'Surviving Waterloo Officers' states, 'The names of the Waterloo officers known to be still living can almost be reckoned on the fingers of one hand.' One of the seven listed is Lieut Col B.P.Browne, Cornet in Eleventh Light Dragoons.

Capt Charles Frederick Browne, 35th Foot (Royal Sussex) confirmed on Indian Mutiny Medal roll without clasp. He is mentioned several times in the book, *An Historical Memoir of the 35th Royal Sussex Regiment of Foot*, compiled by Richard Trimmen, late Captain 35th Foot. In one section is written the following:- 'On the 17th the column moved to Boehea, at the northern end of the Jugdespore Jungle. Shortly after halting, a heavy fire being opened by the enemy (who filled the woods) on the advanced videttes of cavalry, Captain Browne's company of the Regiment was ordered out to support them, on which the enemy withdrew out of range very rapidly. The company remained with the cavalry during the night, exposed to continual fire, but without having a man hit. On it getting light enough to aim, they again drove the enemy quickly out of their cover, and were moved forward in skirmishing order into the jungle, driving the enemy before them, until relieved by Captain Blyth's (light) company.'

While he was posted to India, Louisa Gilbert, the infant daughter and only child at the time of Capt C.F.Browne and his wife Frances Isabella died at Ootaoamund on 22 August 1854 and is buried in a Nilgiri District cemetery. (Ref: List of European Tombs in the Cemeteries Attached to the Various Churches in the Nilgiri District, printed Madras 1905).

'On the 23rd of July 1921, Superintendent and Deputy Chief Constable John Allen, M.B.E., retired after over 34 years service - 31 of which had been spent at Force Headquarters. Very popular with all ranks, he was a most capable and industrious officer, for in addition to being Deputy Chief Constable, he was Chief Clerk and Force Drill Instructor. In dealing with all the activities of the Force, Mr Allen showed amazing powers of organisation and a brilliant grasp of essentials. His outstanding services were recognised by the award of the King's Police Medal in January 1919, and the M.B.E. twelve months later. He was succeeded as Deputy Chief Constable by Superintendent Levi Bowley of the Leicester Division.'

'This Officer was left in charge of Calicut, during the Mapilla rebellion, at the time of the fighting on the 20th and the 21st August 1921 at Tirurangadi, when communications were cut and Calicut isolated. He acted promptly on his own initiative and did much to allay panic. His action in putting Ferok bridge in a state of defence and holding it with his reserve believed to have been instrumental in saving Calicut from a very critical position.'

DFC: Supplement to LG 28/3/1944, p1444 to Flying Officer Jack Neville Yates (159463) Royal Air Force Volunteer Reserve, No 607 Sqn.

Citation: This officer has completed a large number of sorties many of them in the Far East. Throughout these operations he has displayed a high degree of skill and courage, setting a very fine example. On one occasion Flying Officer Yates was wounded and his aircraft sustained severe damage but he flew on to an airfield and effected a safe landing. During an operation in February, 1944, he was engaged by 12 enemy fighters. Flying Officer Yates fought with great skill, however, and destroyed one of the enemy aircraft and afterwards led his section safely to base. This officer has destroyed at least 5 hostile aircraft.

MID: LG 16/3/1951, p1443 to Flight Lieutenant J.N.Yates (159463) Royal Air Force, 'for distinguished service in Malaya.'

After an operational tour of The Arkon against the Japanese, Flight Lieutenant Yates was posted to No 151 OTU at Peshawar training Royal Indian Air Force pilots. He returned to operational duty just before the end of the war against Japan. Together with research including a cypher message from ACSEA to Air Ministry, Kingsway, 13 March 1944, advising immediate awards by Air Commander in Chief South East Asia and in part describes some of the engagements and victories of Jack Yates flying a Hurricane Bomber.

DSM: Supplement to LG 1/7/1941, p3745, to Naval Airman First Class Allan Nelson, FAA/FX.79446. MBE: Supplement to LG 2/6/1973, p6477, to Lieutenant-Commander Allan Nelson, D.S.M., Royal Navy.

Lieutenant Commander Allan 'Smokey' Nelson was born in Newcastle, England. He joined the Royal Navy at HMS Ganges as a boy seaman in January 1937. In 1938 while serving with the battleship HMS Ramilles he was the sight-setter of the right gun of B turret. While with Ramilles he was also charged with carrying sacks of coal from the coaling sheds at Gibraltar. This was a great inducement for him to get away from battleship service so at the start of WWII he trained first at RNB Portsmouth and then at RNAS Worthy Down to become a telegraphist air gunner. He joined his first squadron at RNAS Donibristle (767 Sqn) which detached to Hyeres in Southern France to dive-bomb Italian targets. With the fall of France imminent, the squadron, operating Swordfish, evacuated to Malta in June 1940.

In May 1941 'Smokey' was drafted to 806 Sqn operating Fulmars from HMS Formidable over the Western Desert. After he was awarded the Distinguished Service Medal he was flying in Walruses from the cruiser HMS Newfoundland giving anti-submarine protection to Atlantic convoys. By 1945 he was flying in Avenger aircraft of 854 Sqn from HMS Illustrious against the Japanese. He became a commissioned observer in 1952. He retired in 1971 but was re-employed because the Royal Navy wanted a senior instructor to assist in training of Federal German Naval aircrew in the Royal Observer School, first at Lossiemouth and then Culdrose. He was awarded an MBE in 1973.

In 1974 the legendary 'Smokey' Nelson retired after just over 36 years Royal Naval service. When he made his last flight as an observer instructor he was the longest serving active aviator in the Fleet Air Arm. When the Sea Princess aircraft of his last flight touched down, he was given a special reception to celebrate his aviation career. Nursing Sister Myra Lloyd had a wheel chair waiting for him and after 'Smokey' was lowered into it, Surgeon Michael Boyle, the Senior Medical Officer at the RNAS Culdrose, placed a drip feed on the retiring officer's wrist and held aloft a bottle (of brandy) which looked more at home in the ward room rather than in sick bay. And then the party began.

Group of Five to a Caterpillar Club member: 1939-45 Star; Africa Star; Burma Star; Defence Medal 1939-45; War Medal 1939-45. Unnamed as issued. *Swing mounted, very fine.*

\$600

Together with, 1. Original issued laminated Caterpillar Club card named to F/LT. A. Birley in its Congratulations Irvin card holder and Irvin envelope addressed to F/Lt. A. Birley, 145585/No.355 Squadron/Royal Air Force/India., sent Dec 1944, received 7.1.45. 2. Letter written by Birley detailing how he qualified for each of his medals. 3. A letter to the Caterpillar Club on the occasion of its Jubilee year, 1982 in which Birley details how he qualified for his Caterpillar Club membership. 4. Various aerial photos of targets, some identified on back by Birley. 5. Original Air Board letter terminating his commission. 6. A large photo of the Liberator 'Eustace The Sucker' and other photos together with menu for 355/356 Squadrons' Reunions dinner dance 1992, on the back of this are identified aircrew for the photo of 'Eustace The Sucker'. 7. Copies of Operations Record Book detailed reports 1/3/44 - 2/5/44. 8. A leaflet in Japanese used in air drops urging Japanese troops to surrender. 9. Also, newspaper cuttings and a hand drawn map of Birley's areas of operations.

F/O A P Birley was the Navigator of a Liberator flying with 355 Squadron, RAF mainly on operational sorties over Burma and Thailand, bombing train yards and other key sites. On one raid on the night of 1-2 May 1944 his aircraft with its crew of eight were aiming to bomb the Maymyo Rail Yards. Unable to locate the prime target they attacked the marshalling yards at Mandalay at 2206 hours from 10,000ft. On the flight back from Burma the aircraft crossed the northern part of the Bay of Bengal and when approaching the coast of India one of the engines cut out as the aircraft was running out of petrol. After bailing out his crew, (Birley was the last to leave), the captain, A/Sqn Ldr Joe E Morphet DFC, RAAF (Aust. 407533) who was regarded as the finest Liberator pilot in the RAAF, managed to crash land his un-powered aircraft alone and in the darkness but was severely injured. For his actions he was awarded a bar to his DFC and a full account of his airmanship was published in the London Gazette.

Arthur Birley, in a letter to the Caterpillar Club, wrote of the incident, 'I heard the Pilot and Flight Engineer checking fuel gauges, but as engines continued to 'cut', orders were given to put on parachutes. I reckoned we were just over twenty minutes away from the nearest airfield, and when I called the Pilot with this information and an alteration of course, his short reply was - 'We can't make it'. We were now losing height rapidly, and almost immediately the inter-com came alive again with 'Arthur get out, we have no fuel'. It was about 0145 when I landed. I found myself still clutching the 'D' ring from the parachute pack, but in tumbling along the ground one of my shoes had come adrift. To enable me to become mobile, the back-pad of the harness provided a makeshift shoe - bound on with parachute cord - the main canopy of the 'chute was to prove useful later.'

Birley was found by local villagers and in spite of their initial reservations about him, they were helpful in getting him and another crewman back to their base airfield by the evening of 3rd May and all members of the crew were accounted for and safe. After a fortnight's leave in Darjeeling Arthur Birley returned to duty and carried out a further nineteen operations to complete a total of 49 sorties on Blenheims and Liberators. After the war Arthur Birley remained in the RAF Volunteer Reserve until 13 May 1959 when he was required to relinquish his commission having reached the compulsory retirement age of 45. The Air Council did however grant him permission to retain the rank of Flight Lieutenant.

'The Chant of Jimmie Blacksmith' Police Officer Medal

4520*

Medal to Police officer on Jimmy Governor case: Imperial Service Medal, (EVII) (type 1). John Saunders. Engraved. *In Elkington, London case of issue, uncirculated.*

\$2,000

With forwarding letter from Secretary of the Imperial Service Order, Whitehall, to Mr John Saunders; also three photographs in Police uniforms.

John Saunders, born 02Aug1858 at Uffington in Berkshire, England; migrated to Australia in 1879 as a slate layer but joined the New South

Wales Police Force 26Feb1879 as Probationary Constable; 01Jun1880 Constable 1/c; 01Jun1882 Senior Constable; 01Apr1883 Sergeant 2/c; 01Feb1889 Sergeant 1/c; 01Dec1889 Acting Sub-Inspector; 01Sep1890 Sub-Inspector 2/c; 1891 presented with chiming gold watch; 03Aug1899 Sub-Inspector 1/c; 01Feb1901 Inspector; 1904 transferred to Mounted Section; 01Jan1904 Acting Superintendent; 01Sep1906 Superintendent 3/c; 01Feb1917 Superintendent 2/c; 01Jul1909 Superintendent 1/c; 02Aug1918 Discharged on pension; Certificate of Discharge issued 06Aug1918 and marked 'Most Exemplary'; died aged 72 on 12Jan1931 at his residence at Haberfield, Sydney and his funeral was conducted at the Crematorium at Rookwood Cemetery.

Areas served: Depot 26Feb1879; Metropolitan Police District until transferred to Wilcannia, South Western District 06Jan1881; Milparinka 1883; Broken Hill 1888, Newcastle 1895; Orange 1900; Deniliquin 1904 in charge of South West District; West Maitland 1907 in charge of North East District; Goulburn 1912 in charge of South District.

Saunders went from Constable to Superintendent in a matter of twenty years, a promotional rise with few parallels in the Force. As one Broken Hill newspaper reported, 'When the Mt Browne diggings 'broke out' in the far north-west he acted as gold escort; then, having made a small reputation for successfully handling diggers, he was shifted to the Barrier when that rush started. There were Saunders and another to handle several thousand of mostly-excited men, and they did it somehow... Also, in order to establish himself in the personal respect of the crowd, he trained hard as an athlete, and was ready to 'put them on' in any boxing tournament.'

On his arrival to take up office at Orange, the local newspaper, The Western Advocate, Saturday, July 29, 1899 reported as follows, 'Mr. Sub-Inspector Saunders, who succeeds Inspector Ford, arrived in Orange on Friday morning and will take charge at once. Mr. Saunders is probably the youngest sub-inspector of the police in the colony. He has had a good experience with the criminal classes. He was in charge of the Broken Hill station during the exciting times of the strike, and also Newcastle, where he was very popular with the whole community, who accorded him a splendid send-off on the occasion of his leaving. We extend a hearty welcome to Mr Saunders.'

Another newspaper report printed in The Orange Leader praised him stating that the new chief-of-police, Sub-Inspector Saunders, was a tall, lithe active man of pleasant manners and an iron resolution. During the Broken Hill strikes he clearly demonstrated that he was a man not to be trifled with. It also goes into detail describing the magnificent illuminated address presented to him as the finest ever seen, standing over four feet high and two feet six inches wide in a massive gold frame.

In other articles it is revealed that Mr. Saunders was a smart, all-round athlete. Apparently he was best at Indian club swinging and sprinting but could also hold his own with single-sticks, in boxing and other muscular exercises.

In January 1898 Sub-Inspector Saunders, Detective James M'Hattie, Sergeant Thomas Hickey and First Class Constable David Border, of the Newcastle police force, who succeeded in clearing up the mystery of the Hunter Street fire, for which Simeon Joel was convicted of arson, were presented with gold medals suitably inscribed, the gifts of the Victoria Insurance Co in recognition of their special services. The presentations were made at the police station by Mr. Inspector W.C.Lynch.

Inspector Saunders was highly regarded and on numerous occasions was congratulated by the Court for the way in which he discharged his duties and the manner in which evidence was tendered to the court.

One of the highest profile cases he worked on was the one concerning Jimmy Governor. A case in which Sub-Inspector Saunders was involved in the transportation and prosecution of the outlaw, Jimmy Governor, one of the Governor brothers who committed a series of murders in the North Coast region of New South Wales in 1900. When Governor was captured by private citizens at the foot of the Bulga Mountain which divides the Manning and Hastings Rivers he was taken to the Wingham lockup. On 31 October 1900, Sub-Inspector Saunders arrived at Wingham where Jimmy Governor was taken before the local court and remanded to Sydney to stand trial for murder.

On 1 November, Governor left on the steamer Electra handcuffed between two policemen with an escort of five others all in the charge of Sub-Inspector Saunders. During the trial Sub-Inspector Saunders presented police evidence of his interview of Governor while he was in custody in Wingham. Subsequently, Jimmy Governor was found guilty and sentenced to death.

The Jimmy Governor saga was the basis for the novel, The Chant of Jimmie Blacksmith by Thomas Keneally written in the 1970s and later in 1978 made into a movie of the same name.

Together with photocopies of numerous newspaper articles featuring Inspector John Saunders during his long and illustrious police career.

DCM: LG 26/11/1917, p12326, posn 5; CAG 7/3/1918, p400, posn 106. Recommendation: 'During the operations of 4/6th October 1917, east of Ypres this NCO did magnificent work with the Battalion transport. Everyday the pack train was heavily shelled and it was entirely due to his coolness and prompt action that the pack animals were brought through the hostile barrage. On one occasion when some of the animals were wounded he was instrumental in clearing the road and thus averting a dangerous congestion of traffic. The success of the battalion supply system is largely due to his untiring efforts.'

Other awards for which Sgt H A Boys was recommended but incorrectly recorded at the time in military records under the name of 557 Sgt H Boys 6 Bn were:

1. Croix de Guerre altered to Medaille Militaire: 'On the night 22 April 17, while the Bn was being relieved from the front line, the first line transport had to pass through the village of Morchies, which was being heavily shelled. This NCO, who is transport sergeant, took the transport through the village in three sections going and returning each time himself. He greatly inspired the drivers by his personal bravery and example.'

MID: not entitled, actually awarded Commander in Chief's Card by Gen Sir Thomas Blamey (GO1/31Jan1945).

Citation: 'The Commander in Chief, Australian Military Forces has awarded Commander in Chief's Card to the undermentioned (NX200959 Gnr Cates, Russell Chas. - Syd. Coast Arty) for distinguished services in the South West Pacific Area 1944.'

Pte Russell Charles Cates, born 16Apr1925 at Sydney; Enl.07May1943; Disch.02Jan1947 ex 2/1 Coast Arty.

Note: The War Commemorative Cross was offered by the Dutch Government to all Australian military veterans of WWII who served in the Dutch East Indies or Dutch New Guinea. The Australian Government rejected the offer based on the recommendation of Sir Thomas Blamey. However when he then accepted a Dutch knighthood for his services, the men under his command thought this to be the height of hypocrisy. The subject remained unresolved for decades until various ex-Service associations, mainly representing anti aircraft units, took the matter up and although the Australian Government still did not recognise the award the veterans' associations advised their members that they could wear the medal unofficially.

BEM: Supplement to LG 1/1/65, p40, New Year's Honours 1 January 1965 to Sergeant Raymond Harvey, RAASC.

Citation: 'Sergeant Raymond Harvey enlisted in the Australian Regular Army in 1953. He has distinguished himself for his service in air despatching duties. He has served in this capacity whilst in Malaya and has instructed on this subject at the Royal Australian Army Service Corps Centre. He is currently serving with 40th Air Supply Platoon. He became a member of 39th Air Supply Platoon when it was raised and very quickly displayed such knowledge of all facets of the work of the unit that he became recognised as an authority on air despatching procedures and operations. When the second section of the unit was raised (although remaining in the number one section) he selflessly offered his services and assumed technical control. These two sections have now been absorbed and form the basis of his present unit. His experience gained from flying some 500 hours on 291 supply dropping sorties, 68 of which were on operations in Malaya, has been imparted with the skill and enthusiasm attained as an instructor at the Royal Australian Service Corps Centre, to all personnel of his unit. This has most certainly been a major factor in the present high standard of efficiency and preparedness for operations of 40th Air Supply Platoon. His enthusiasm, knowledge and ability in his military duties are outstanding and this excellent Non-Commissioned officer has worked beyond the normal call of duty and assumed responsibility far in excess of his rank.'

Citation for Vietnam service: By direction of the Commanding Officer, 273rd Assault Support Helicopter Company (Heavy) this Citation is presented to WO2 Raymond Harvey, 27986 WO2 Australian Military Forces, Vietnam. 'For the performance of exceptionally outstanding service in support of the 'Superhooks' in the counterinsurgency effort in the Republic of Vietnam during the period 15 April 1968 to 27 April 1968. Through his outstanding professional competence and devotion to duty he contributed greatly to the successful accomplishment of the mission of the 'Superhooks'. The time and effort which he devoted to this assignment reflect great credit upon his enthusiastic devotion to duty and are in keeping with the best tradition of the Australian Military Forces. For his commendable services which merited this recognition, WO2 Raymond Harvey, is hereby officially designated an honorary member of the 273rd Assault Support Helicopter Company (Heavy). 1st May 1968, Vung Tau, Vietnam.

After WWI Leonard Logan served at Port Moresby as Officer-in-Charge of the Armed Native Constabulary. In the late 1930s he prepared a petition to King George VI that the 'dignity of Royal' be conferred on the Armed Constabulary even though public servants in Canberra were not keen to put this proposal to the King because in all the British Empire there was only one police force allowed the prefix 'Royal' and that was the Royal Canadian Mounted Police. However, when Logan's petition was forwarded to the King it was approved and from July 1939 the Armed Constabulary was re-titled to the Royal Papuan Armed Native Constabulary.

The Moresby Royal Arch Chapter No 51 was consecrated at Port Moresby, New Guinea in 1926. Leonard Logan was the initial Principal of the Chapter which was a branch of the Queensland District of the Lodge.

Citation: 'On 31st March, 1948, Flight Lieutenant Collopy was in command of Dakota aircraft A65-75 with a flying crew of three and five dropping crew giving a supply dropping demonstration to members of the three Services attending the School of Land/Air Warfare, Laverton. Due to bumpy weather conditions tossing the aircraft, one of the dropping parachutes caught the tail of the aircraft and the shroud lines, with a box weighing 180 lbs. attached, became wound around the elevators. Normal control of the aircraft was considerably affected and a crash landing appeared to be the best that could be hoped for. Flight Lieutenant Collopy displayed considerable skill in manipulating his engine and aeroplane controls and finally brought off a successful landing in a 35 m.p.h. cross wind with no damage to the aircraft.'

On 8th July, 1948, Flight Lieutenant Collopy again demonstrated coolness and skill in completing a circuit and landing after one engine of his aircraft had failed on take-off before the single engine speed had been fully attained. Flight Lieutenant Collopy on a previous occasion in New Guinea successfully flew his aircraft back to base after it had struck a tree in conditions of bad visibility.

This officer has on these three occasions shown exceptional coolness and determination in the face of somewhat alarming circumstances and has shown outstanding skill in extricating his aircraft from dangerous situations. These acts and his devotion to duty which has been of the highest order over a period of 4,250 hours of flying have given a splendid example to all.'

Herbert John Collopy, motor engineer, born 12Jun1908 at Prahran, Victoria; Enl.13Mar1939 as Warrant Officer; No.15 Flight Fitter Course, 1939; No.4 Pilot Refresher Course, 1941; No.10 Elementary Flying Instructor Course, 1941; qualified for award of Flying Badge (pilot); Disch.30Sep1943 on being granted a commission; Commissioned 01Oct1943 Special Duties Branch, Administrative Officer; noted as Pilot, No 37 (Lodestar Transport) Squadron, Laverton with courier work to New Guinea; 01Oct1943 Pilot Officer and operations South West Pacific Area in Dakota aircraft; Air Traffic Control duties from Dec1948; Air Traffic Control Course, 1949; 01Oct1949 Flight Lieutenant and to Eastern Area Headquarters, Penrith; to Air Traffic Control, Richmond and then Mascot 26May1950; a newspaper article dated August 29, 1952 shows Bert Collopy on his return from Malaya and states 'Dakota aircraft of 38 R.A.A.F. Transport Squadron in Malaya helped establish schools in remote areas of British Borneo, F/L Collopy said. The planes had recently dropped aluminium sheets and wiring by parachute for the construction of the schools. The operation would have taken weeks by land. He said the squadron had also made parachute drops to army patrols operating against bandits'; service terminated 20Dec1957 upon reaching retirement age for Permanent Air Force; Retired List 21Dec1957; later employed by BOAC.

Bartlett aged 18 of Maine, Connecticut at Winchester; Samuel Horne died 18Sep1928 at Winsted, Winchester, and was buried at Forest View Cemetery, Winsted.

Samuel Horne, writing under the letterhead of 'Peck & Horne, Counselors at Law and Solicitors in Chancery of Grand Rapids, Michigan' on April 5th 1870 commenced a claim for compensation in respect of his Civil War service as he had not been correctly recorded as Captain nor paid in recognition of his promotion to the rank of Captain. His rank was officially corrected under Special Order No.282, Headquarters of the Army December 9, 1885. The financial reimbursement for such rank was rectified in the 54th Congress by a Bill H.R.7696 in House of Representatives on March 27, 1896 and S.2720 in the Senate on April 2, 1896.

On July 28, 1897, Samuel B. Horne as Commissioner, Bureau of Labor Statistics for the State of Connecticut lodged an 'Application for a Medal of Honor'. In his application Horne states, 'On the 21st day of September, 1864, I was First Lieutenant of the Eleventh Regiment Connecticut Veteran Volunteers and Commissioned Captain on the 26th of the same month. That on the said 21st of September I returned from hospital with an unhealed wound and was detailed as acting provost marshal of the 18th Army Corps, Army of the James, which duty I assumed.

That on the 29th day of the same month, said 18th Army Corps, then commanded by General Edward O.C. Ord, made a successful attack upon the enemy's line of works at Chapin's Farm, Virginia. That during the charge upon 'Fort Harrison' on said line, I was dispatched by General Ord with a verbal message to the colonel of one of the advancing regiments. I spurred forward my horse with all possible speed and soon came in direct range of and near the guns of the Fort. My horse, when at full gallop, was instantly killed by a grape shot, falling upon me with great force, cracking some of my ribs, injuring me internally and pinioning me to the ground, from which position I was at once relieved by Colonel Thomas G. Welles of the same staff with me, who was passing when the accident happened.

That, although lacerated and in great pain and partly denuded, I proceeded on foot, delivered the message near the Fort and reported to General Ord and was with him when he was wounded on the parapet, and later with him, taken to the rear.' The application concludes with, 'Did I not do more than duty required? Was not my conduct under the circumstances an act of unusual bravery? At the time it was so regarded at Headquarters, but as General Ord was sent home and neglected to make official report of the battle until a year later, no personal mention is made of me except in a general way. To which report, I respectfully refer.'

In Deeds of Valor, p433 it states, 'With two dangerous wounds in his body Lieutenant Samuel B. Horne, of Company H, Eleventh Connecticut Infantry, was carried off the field at Cold Harbor, Va., June 3, 1864, and sent to a hospital. Though his recovery proceeded slowly, he could not bear to be confined to his bed and three months later returned to his regiment, though still an invalid. Ten days later, at Chapin's Farm, Va., September 29, 1864, he won his medal by a display of courage almost superhuman.'

This 'superhuman display of courage' was probably one of the factors why after investigating the claim, Horne received a letter from the Secretary of War dated November 4, 1897 which stated, 'You are hereby notified that by direction of the President and under provisions of the Act of Congress approved March 3, 1863, providing for the presentation of medals of honor to such officers, non-commissioned officers and privates as have most distinguished themselves in action, a Congressional Medal of Honor has this day been presented to you for Most Distinguished Gallantry in Action, the following being a statement of the particular service, viz: 'At Fort Harrison, Va., September 29th, 1864, this officer, then serving as First Lieutenant 11th Connecticut Volunteers, and acting as aide-de-camp to General Ord, while carrying an important message on the field was wounded and his horse killed; but not withstanding his severe wounds and sufferings, he continued on his way, delivered the order, and then joined his General but had to be taken to the rear on account of injuries received.'

The medal will be forwarded by registered mail, as soon as it shall have been engraved.' In fact it was sent on November 19 and received by Horne on November 23, 1897.

On January 31, 1908 the War Department advised Horne that he was to be issued with another Medal of Honor of the new design to be engraved, 'The Congress/to/Captain/Samuel B.Horne,/Co.H,11th Conn.Inf.Vols./Fort Harrison, Va./Sept.29,1864.' The new medal was sent to him on February 21, 1908 and received on March 2, 1908. In 1916 Horne applied for enrolment of his name on the Army and Navy Medal of Honor Roll. This was approved and on May 25, 1916 he acknowledged receipt of Medal of Honor Certificate No.68.

With extensive research including 143 pages of photocopies of muster rolls, letters, death certificates, various application forms and statutory declarations, Medal of Honor file and other relevant files.
