\$1,200

This is the first type coin struck by the Guptas, and clearly derived its inspiration from the Kushan type of Kanishka II and successors. The tridents are transformed into a plain standard and the Garuda-standard. Ardoksho enthroned becomes Lakshmi enthroned, whose adjuncts, the noose and cornucopiae identify her image. The engraver in most Gupta coins always gave the obverse his greatest attention with his skill, for both its composition and style, but the reverse was less important and generally of poorer style.
