Loss of the S.S. Titanic medal was privately commissioned by survivors of the Titanic, Margaret Brown and Dennis Telluride. It features the right facing bust of Captain Rostron of R.M.S. Carpathia. Only 500 medals were struck in bronze and they are very scarce.

Ex The D.Featherstone/L.McNaught Collection and Noble Numismatics Sale 124 (lot 3619).

The British passenger ship, S.S. Titanic was the luxurious and supposedly publicised as practically unsinkable liner which sank after hitting an iceberg in the North Atlantic off the coast of Newfoundland on its maiden voyage from Southampton, England to New York City, USA. This disaster led to the deaths of over 1,500 passengers and crew. The event has been the subject of 18 movies and numerous television features between 1912 up to 2018 with perhaps the most exciting being that made in 1997 simply titled 'Titanic', made by James Cameron and starring Leonardo DiCaprio and Kate Winslett.

Arthur Henry Rostron (1869-1940) was captain of the Cunard Line's R.M.S. Carpathia when a distress signal was received from the White Star liner S.S. Titanic on 15 April 1912. The Titanic had struck an iceberg and was sinking rapidly. Immediately Captain Rostron ordered his ship to speed to aid the Titanic. This was a huge risk because his ship was racing through icy waters at night but he knew what was at stake with a large passenger liner sinking in freezing water in the middle of the Atlantic. It took 3 1/2 hours to reach the Titanic's radioed position and during that time his orders and preparation would later prove to have saved lives. His crew prepared blankets, food and drinks and subsequently rescued hundreds of survivors from the freezing waters. Captain Rostron was honored with the Congressional Gold Medal, the Thanks of Congress, the American Cross of Honor, and medals by the Liverpool and New York Shipwreck Societies. He would eventually rise to the position of Commodore of the Cunard Line and also served as a British Naval Officer during WWI.

J.Watt was born in Barrow on the west coast of Lancashire, England in 1889. At the age of 11 he proved himself to be a good swimmer when he gained first place in an event at the Aquatic Sports staged by the Barrow Amateur Athletic Association in August 1900.

He joined the Merchant Navy, signing on with the Liverpool based Cunard Line where he served as a waiter. On 7 February 1912 he transferred from the S.S. Bohemian to the R.M.S. Carpathia. He was still with the Carpathia two months later when, on 12 April 1912, the S.S. Titanic sank and the captain, officers and crew of the Carpathia rescued 705 people from the Titanic's complement of 2,340. After landing the survivors at New York, USA on 18 April 1912 the Carpathia continued on its way.

The next time the Carpathia stopped at New York was on 29 May 1912 at which time the Titanic Survivors' Committee presented medals to the captain, officers and crew who had been on the Carpathia at the time of Titanic's sinking and the subsequent rescue. J.Watt was one of those so honoured. The medals were struck in gold, silver and bronze and awarded according to rank, thus J.Watt was a recipient of a bronze medal.

Watt discharged from service with the Carpathia on 1 January 1913 in Liverpool, England. In 1933 at the age of 44 he received the Royal Life Saving Society Award of Merit Medal for aquatic life saving proficiency.

With research including a video titled 'A Night to Remember', a 1958 movie starring Kenneth More; a book of the same title by Walter Lord; booklet titled 'Women and Children First, Wrecks, Rescues, Rewards and Recipients' by Jack Boddington; Titanic crew list; Carpathia crew list; various photos, postcards, and newspaper cuttings.

OBE: Supplement to LG 1/1/1919, p 94 to Capt. (A./Major) Francis William Trott, M.C.

Francis William Trott and his brother, Alan Charles Trott, attended St John's College, Cambridge. Francis Trott served as a Private in the University and Private Schools Regiment. In WWI he was commissioned into the Devonshire Regiment as a Second Lieutenant. He served in France from 25 July 1914 and was in the Battle of Loos. He was awarded the Military Cross (Gazetted in 1916) for capturing a field gun.

In The Western Morning News on 5 April 1919 part of an article reads, 'The gunners were, on the orders of Lt. Trott - a gallant officer whose bandaged head and bloodstained face bore evidence of an earlier wound - taken prisoners and sent to the rear .... The back of the town was packed with the enemy. They had expected the attack, and had made every preparation to resist it. So strong was their defence that within a very short time the Devons were only a handful of fifty men with captain Gwynn and Lieut. Trott, and at a quarter to nine the order was given to retire from the town and dig in just outside. Whilst they were falling back more men fell, Capt. Gwynn was wounded with a bomb, and Lieut. Trott took command. In order to be able to put up a better resistance he withdrew again slightly, and the men who were left, firing from their knees, put up a plucky resistance. Then Lieut. Trott was again wounded in the hand, and the charge fell on Company Sergt.-Major Bryant.'

F.W. Trott was attached to the Royal Flying Corps (later the Royal Air Force) as Captain in February 1917 and was awarded an OBE in 1919. He was also Mentioned in Despatches. He served in Kohat and the North West Frontier in India and was promoted to Squadron Leader on 1 January 1926. He was commanding officer of No 28 (A/C) Squadron from 22 November 1931 to 19 March 1932. He was promoted to Wing Commander in 1934 and in 1938 was First Commanding Officer of No.1 Air Armament School in Lincolnshire having been appointed Group Captain on 1 January 1938. During WWII his RAF service included an appointment as Head of Air Mission in Washington and then as London liaison with the US Army from 1940 to 1945. He was awarded the USA Legion of Merit in 1946 and retired as a Group Captain on 16 April 1946.

Not content with this magnificent record he has now volunteered for a fourth tour of operational duty with P.F.F. Flight Lieutenant Botha has operated against many of the most heavily defended targets in Germany, and has always shown the utmost determination and courage in pressing home his attacks. His outstanding record of achievement has been a wonderful example to other members of his Squadron and has undoubtedly assisted in maintaining their high standard of morale. Apart from many instances of gallantry and exceptional ability, Flight Lieutenant Botha has established a record of long continued offensive action against the enemy, both as an Air Gunner and Captain of Aircraft which must be almost unparalleled, for few can have so fearlessly and untiringly done so much to attack and destroy the enemy. For this outstanding devotion to duty I strongly recommend Flight Lieutenant Botha for the award of the Distinguished Service Order.

DFC: Supplement to LG 27/6/1944, p3042 - to Flying Officer Bernhorst

Hermanus Botha (155758), R.A.F.V.R., 50 Sqn.

Citation: This officer has completed many sorties on his third tour of operations during which he has attacked a wide range of targets, including Berlin, Frankfurt and Stuttgart and other well-defended targets in Germany. He has at all times displayed outstanding keenness and his determination to press home his attacks has earned him many successes. Flying Officer Botha has rendered loyal and devoted service and his example has been most inspiring.

Recommendation (by Group Captain J.N.Jefferson, Commanding RAF Station, Skellingthorpe): Flying Officer Botha, who has done two previous tours of operations as an Air Gunner, has now completed 18 successful sorties as pilot and has attacked such targets as Berlin(twice), Stuttgart (3 times), Frankfurt (twice), Leipzig and Schweinfurt. On the night of 22/23rd March, 1944, Flying Officer Botha was detailed for an attack on Frankfurt. Shortly after take-off his port inner engine became unserviceable due to a leak in the pipe line between the master fuel cock and the engine. The aircraft was at a height of 15,000 feet when the incident occurred. Finding that he was unable to maintain height on three engines with the full bomb load, Flying Officer Botha gave instructions to jettison 4 cans on

incendiary bombs. In spite of this set-back and, although his aircraft had not yet crossed enemy territory, he decided to continue and attack the target. When he found that by sticking to the original route he would be unable to maintain the planned time at the turning point, he directed the navigator to give him a course which would take him straight to the target; this involved flying across the Ruhr. The aircraft arrived over the target some ten minutes after the last time of bombing and at a height of only 10,000 feet. Nevertheless, Flying Officer Botha pressed home his attack and obtained a photograph of the target conditions. His cool determination in spite of enemy opposition has always been noteworthy and his enthusiasm for attacking the enemy has been a splendid example. For his outstanding devotion to duty he is strongly recommended for the award of the Distinguished Flying Cross.

Remarks by Base Commander (Air Commodore A.Heskell, No. 53 Base, Waddington): In my experience the case of F/Lt. Botha is unique as being the first Air Gunner to complete two operational tours and then return for a third tour as Captain of a heavy Bomber. I can confirm all that the Station Commander writes of him and consider that the award of the Distinguished Flying Cross would be suitable recognition for outstanding service. Very strongly recommended. It is regretted that more details of this officer's earlier tours are not available.

Remarks by Air or other Officer commanding (AVM R.A. Cochrane, No.5 Group): This officer has a magnificent operational record. He served in Coastal Command between April and November 1940, completing 30 trips on Ansons and Beauforts. From November 1940 until August 1941 he completed 45 trips on Wellington aircraft in Bomber Command, all the sorties being undertaken as an Air Gunner. He has now completed 18 sorties as pilot and captain of aircraft. USA DFC: Supplement to LG 17/4/1945, p2029 - to Acting Flight Lieutenant Bernhorst Hermanus Botha, D.S.O., D.F.C. Recommendation: Previous to an attack on a crater held by the enemy in No Man's Land he went out in broad daylight and carefully reconnoitered the ground from every point of view, fixing his advanced quarters in a very heavily exposed and shelled area in order to get in close touch with the operation. By his fine example, careful preparations and contempt of danger all ranks were imbued with such irresistible dash and confidence that the operation was a complete success.

VC: Second Supplement, No.31067, to LG 14/12/1918; CAG No.61, 23/5/1919.

Citation: For most conspicuous bravery and self-sacrifice during the attack north of Rosieres, east of Amiens, on 9th August 1918.

When the advance was held up by heavy machine-gun fire, Private Beatham dashed forward, and, assisted by one man, bombed and fought the crews of four enemy machine guns, killing ten of them and capturing ten others, thus facilitating the advance and saving many casualties.

When the final objective was reached, although previously wounded, he again dashed forward and bombed a machine gun, being riddled with bullets and killed in doing so.

The valour displayed by this gallant soldier inspired all ranks in a wonderful manner.

Robert Matthew Beatham, labourer, born 16Jun1894 at Glassonby, Cumberland, England; Enl. 08Jan1915 at Geelong, Vic; Emb.17Apr1915 with 8Bn; RTA 05Jun1915 with VD arriving 06Aug1915; Emb.10Sep1915 to Gallipoli; WIA 18Aug1916 GSW to back, France; Rejoined unit 30Sep1916; to hospital with VD 18Jan1917; rejoined unit 14Aug1917; WIA 04Oct1917 bomb wound right wrist, Belgium; to France 14Feb1918; rejoined unit 17Jul1918; KIA 11Aug1918, France.

Robert Matthew Beatham was born on 16 June 1894 at Glassonby, Cumberland, England. He attended the local school and as a teenager he emigrated to Australia with his brother, Walter. He was working as a labourer in Geelong, Victoria when he volunteered to join the AIF on 8 January 1915. He was posted to 8th Battalion as a Private and embarked on 17 April 1915 for Suez but returned to Australia in August 1915 due to venereal disease. After recuperation he embarked for Gallipoli as a reinforcement for the 8th Battalion and saw nearly a month of active service there before the general evacuation to Alexandria.

From there he proceeded with his unit to France for service on the Western Front. He served in the Battle of Pozieres where he was wounded. After recuperating he rejoined his unit and was wounded a second time at Broodseinde during the Battle of Passchendaele and returned to England for treatment.

Beatham's unit was sent to Rosieres on the second day of the Battle of Amiens and it was attacking high ground near the French town of Lihons when it stalled under heavy machine gun fire after its supporting armour was knocked out of action. At this point, Pte Beatham together with L/Cpl W.G.Nottingham made four charges, regardless of bullets whistling past, using bombs and their bayonets to knock out four enemy machine gun posts killing ten Germans and capturing ten others. Unfortunately Beatham was wounded in the leg but this did not stop him mounting a final charge on a machine gun when the unit's objective was met. During this charge to take out the machine gun post with a bomb he was riddled with bullets from a supporting enemy machine gun post and died.

Six of Beatham's brothers saw active service in WWI as well as his father. Three brothers died, namely John Wilfred, Frederick William and Isaac Allan. Walter who emigrated to Australia with Robert also served in the AIF with the 21st Battalion and was a POW but survived the war.

Robert Matthew Beatham is buried at Heath Cemetery in Harbonieres, France. His Victoria Cross was presented to his mother by King George V at Buckingham Palace on 8th March 1919. It was sold through John Haywards 'The Gazette' in April 1967 for £700. Later, in the 1990s, it was purchased by Spinks in London and they sent it to Melbourne to be sold in Australia. It sold at auction on 27th March 1999 for the hammer price of A\$178,500. Pte Beatham's Memorial Plaque and Scroll were sent to his father in England and it appears that his WWI service medals comprising 1914-15 Star, British War Medal 1914-18 and Victory Medal 1914-19 were sent to AIF HQs and then sent to England, probably to his father. **With research.**

MC: LG: 01Feb1919, 'During the attack of Mt St Quentin, near Peronne, on the 2nd of September 1918 this Officer was in charge of a Brigade Forward Signal party. He reconnoitered forward under heavy shell fire and selected a good position for his station, and while it was being established worked hard and bravely in repairing lines in heavily shelled areas where he would not order his men to go. The front line situation at this time was very obscure owing to the difficult nature of the operations, but this Officer located all units in the line by personnel reconnaissance at very great personal risk, displaying wonderful energy and determination in getting them in touch by telephone. It was due to the untiring efforts of this Officer in the face of enemy gun-fire of the heaviest nature, his coolness, personal bravery and control, that the communication of this Brigade to its Battalions was maintained through the operations'.
